Certification Programs

Introduction

Each year the University updates this list of successful graduates from its Certification programs.

The purpose of this list is to:

- ◆ Identify those therapists who passed a clinical certification and have remained current in continuing professional education
- ◆ Assist with referrals within the physical therapy and medical professions
- ◆ Assist with the formation of study groups and networks
- ◆ Recognize those who have reached standards of competency through our programs

We have long held that continuing education should be structured toward a meaningful goal. Thus, in 1981, when a group of therapists who had completed the University's (then the Institute of Physical Therapy's) manual therapy seminars asked to be examined, the faculty agreed and Certification began.

Certification is designed to offer a series of seminars, which culminate in a comprehensive examination consisting of written, oral and practical testing to define competency in a chosen field. Certification is an integral part of the process for acquiring either the Post-Professional Master of Health Science (MHSc) or the transitional Doctor of Physical Therapy (DPT).

Certification requires completion of the required seminars either as a structured continuing education process or as part of one of our post-professional degree programs. Taking the home study courses for graduate credit is not required for Certification, although taking them for credit toward a post-professional degree is recommended for maximum educational benefit.

Mission Statement for Certification Process

The mission of the University of St. Augustine (USA) Certification Process is to develop a post-professional expertise level of knowledge

and skills based on a particular clinical specialty area. By attending a series of seminars and completion of a written, oral, and practical examination, the student will have demonstrated a safe level of competency in the specialty area according to the standards established by USA.

Certification Review and Exam

Certification is a six-day process consisting of a 5-day Review Course that provides opportunity for reviewing and updating the contents of each of the seminars leading to Certification. On the fifth day, a written exam is given, followed by a series of oral and practical examinations. The standard sought is the safe application of advanced clinical skills in the areas tested.

Registration

A therapist may apply to take the Review/Certification Course, provided he/she has taken all the prerequisite seminars required for the desired Certification prior to the Certification exams.

Results are confidential. Only the names of those who pass are listed as having taken part. Not even those present would know if a candidate completed all of the test components. Some come for the week purely for the value of review. Some have taken the review twice or more before taking the exams. For those who fail to complete all of the components of the Certification process, the University makes arrangements for them to be retested at various locations throughout the country, convenient to the candidate and instructor.

Note: Early application is recommended. The Certification refund policy is designed to discourage last minute withdrawal.

Process

To earn each Certification, a therapist must attend seminars totaling at least 25 days, culminating in a weeklong review and examination process.

Certification in Manual Therapy (MTC) – since 1981	Days	CEUs
S1 Introduction to Spinal Evaluation & Manipulation	5.0	3.5
S2 Advanced Evaluation & Manipulation of Pelvic, Lumbar and Thoracic Spine	3.0	2.1
S3 Advanced Evaluation & Manipulation of the CranioFacial, Cervical & Upper Thoracic Spine	4.0	2.7
S4 Advanced Evaluation & Manipulation of Pelvic Girdle	2.0	1.5
E1 Extremity Evaluation & Manipulation	4.0	3.0
E2 Extremity Integration	3.0	2.1
MF1 Myofascial Manipulation	3.0	2.0
MTC Review/Certification in Manual Therapy	<u>6.0</u>	<u>3.2</u>
Totals	30.0	20.1

Certification in Sports Physical Therapy (STC)

Through an arrangement with North American Sports Medicine Institute (NASMI), we offer a collaborative Certification in Sports Physical Therapy.

	Days	CEUS
Foundations/Competencies in Sports Physical Therapy-NASMI	3.0	3.6
Orthopaedic Management of Upper Quarter Injuries-NASMI	2.5	2.0
Orthopaedic Management of Lower Quarter Injuries-NASMI	2.5	2.0
Functional Exercise Training & Rehabilitation-NASMI	2.5	2.0
S1 Introduction to Spinal Evaluation & Manipulation-USA	5.0	3.5
E1 Extremity Evaluation & Manipulation - USA	4.0	3.0
Certification in Sports Physical Therapy - USA	<u>6.0</u>	<u>3.2</u>
Totals	25.5	19.3

Certification in Primary Care (PCC)	Days	CEUS
S1 Introduction to Spinal Evaluation & Manipulation	5.0	3.5
E1 Extremity Evaluation & Manipulation	4.0	3.0
Medical Diagnostics	2.5	2.0
Pharmacology	2.0	2.0
Imaging for Physical Therapy	4.0	2.5
Survival Under Managed Care	1.0	0.8
Certification in Primary Care	<u>6.0</u>	<u>3.2</u>
Totals	24.5	17

Certification in Cranio-Facial (CFC)	Days	CEUS
S1 Introduction to Spinal Evaluation & Manipulation	5.0	3.5
S3 Advanced Cervical & Upper Thoracic Spine	4.0	2.7
CF 1 Basic Cranio Facial	2.5	2.0
CF 2 Intermediate Cranio-Facial	2.5	2.0
CF 3 Advanced Cranio-Facial	2.5	2.0
CF 4 State of the Art Cranio-Facial	2.5	2.0
Certification in Cranio-facial	<u>6.0</u>	<u>3.2</u>
Totals	25.0	17.4

Use of the letters MTC, STC, PCC and CFC

As of December 1991, the University approved the use of the letters MTC on letterhead, professional cards, and other appropriate uses to indicate University Certification in Manual Therapy. The school recognized the proliferation of letters after the names of physical therapists and introduced this step with some hesitancy. Subsequent introduction of the letters STC, PCC and CFC have been approved to indicate certification in Sports Physical Therapy, Primary Care and Cranio-Facial respectfully.

In order to maintain use of the certification letters, the University requires evidence of continuing professional development. Over a 24-month period, the therapist is expected to maintain either full or part-time clinical practice and meet one or more of the following activities:

- ◆ 30 hours (3.0 CEU) of continuing education attendance every 2 years
- ◆ publication of article in peer-reviewed journal
- ◆ completion and passing of ABPTS certification examination
- ◆ post-professional degree coursework (3 credits over 24 months)
- ◆ presentation (platform or poster) of research project
- ◆ development and/or teaching of a seminar
- ◆ development and/or teaching of a rehabilitation-related course in a degree-granting program

Keeping the List Current

Every two years we mail requests for address correction and evidence of continuing professional education courses taken during the past twenty-four month period. If the requested form is returned, the complying therapist will be listed with his or her current address on the following pages. If evidence of professional development experiences during the past twenty-four months is reported, the appropriate initials will be added after the complying therapist's name. Addresses listed are the most current in our records. Keep us informed of your current addresses.

For further information:

CERTIFICATION GRADUATES

We are proud to present the following graduates from our Doctor of Physical Therapy (DPT), Master of Health Science (MHSc) and Master of Science in Physical Therapy (MScPT) degree programs, and our Certificate of Competency in Manual Therapy (MTC), Sports Physical Therapy (STC), Primary Care (PCC), Cranio-Facial (CFC), and Integrated Orthopaedics (IOC). Also included are faculty who, from the beginning, taught the courses that led to Certification and, thus, were subject to “grandfathering”. If the Certification initials appear in parentheses (), the individual has not submitted evidence of related continuing education in the last two years. This list represents the individuals giving written permission to include their names on our website.
