Domestic travel: Please indicate which U.S. cities you have traveled to within the past 30 days (since February 15, 2020) and the dates/purpose of each trip (business or personal):

Do you have any upcoming domestic (U.S.) travel, either business or personal, planned at this time?

International travel: Have you traveled outside the United States within the past 30 days (since February 15, 2020)?

Have you returned to campus since completing any travel outside the United States?

Have you been asked by any government agency or your medical provider to self-quarantine as a result of any travel?

Do you have any upcoming international travel, either business or personal, planned at this time?

PLEASE NOTE: The federal government is requiring that all employees and students returning from a region flagged by the CDC [as a Level 3 risk or above](#) self-quarantine for 14 days prior to returning to campus. In addition, state or other regulatory agencies may require employees and students returning from other regions to self-quarantine or take other measures prior to returning to campus. These employees and students are strongly recommended to contact their health care provider for guidance and abide by all local health department guidelines. Employees should contact their local HR representative to determine the proper course of action if they are returning from one of these regions. Students should contact Student Services by calling 760.410.5407.
