University of St. Augustine for Health Sciences' Doctor of Nursing Practice (MSN Entry) Program Disclosure to Prospective Maryland Students

Prospective students who are residents of Maryland: In order to complete your enrollment at the University of St. Augustine for Health Sciences ("USAHS"), we must provide you the following disclosures, as required by *Maryland Commercial Law Article §13–320*.

COST OF ATTENDANCE FOR THE PROGRAM

The following chart represents the tuition and fees charged for completing USAHS' Doctor of Nursing Practice (MSN entry) program, including the typical cost for books and supplies. In programs that contain a residency or field experience requirement, the cost of transportation is not included. For a complete list of programs and tuition costs, visit <https://www.usa.edu/> and select your program of interest.

PROGRAM LENGTH, PROGRAM COST, CREDIT HOURS, COMPLETION/WITHDRAWAL RATES, MEDIAN LOAN DEBT, PLACEMENT RATES AND PROFESSIONAL LICENSURE ELIGIBILITY FOR MARYLAND STUDENTS AND GRADUATES

As required by *the State of Maryland*, USAHS is required to provide the following information to prospective students:

Program Name: *Doctor of Nursing Practice (MSN entry)*

Normal Time to Completion (in months)²: 28

% Completion⁴: N/A

Median Loan Debt⁶: N/A

Program Cost¹: \$41,138

Total Credits³: 42-52

% Withdrawal⁵: N/A

Placement Rate⁷: N/A

¹ Cost based off credits, fees, and books and does not reflect any scholarship or tuition reductions or housing and living expenses.

² Please note that the program is designed to be completed in this amount of time, however, individual experiences will vary based on factors including, but not limited to: individual progress, part-time vs. full-time enrollment, credits transferred, changing specializations, unsuccessful course completion, leaves of absence or other personal circumstances. Length of program is based on the student's highest degree earned before entering the program. Students with a master's degree will typically complete the program in a shorter period of time than those with a bachelor's degree.

³ Total credits required range based on the student's highest degree earned before entering the program. The total credits required for the program for students with a master's degree is less than the students with a bachelor's degree.

⁴ Completion rate is defined as the number of students who completed the program on-time within the normal program length divided by all students that completed the program. The timeframe of graduates captured is from July 1, 2018 to June 30, 2019. "N/A" is marked for the program that has fewer than 10 Maryland students who completed the program in the reported year; this number has been withheld to preserve the confidentiality of the students.

⁵ Based on official withdrawal records of Maryland students that entered the program in CY2018 and have withdrawn within a year after entrance. If marked "N/A", the program did not have Maryland students during the reporting period or had less than 10 Maryland students withdraw and this number has been withheld to preserve the confidentiality of those students.

⁶ Median Loan Debt for the purposes of this disclosure is the loan debt for all Maryland students who completed the program during the most recently completed award year. "N/A" is marked for the program that has fewer than 10 Maryland students who completed the program in the reported year; this number has been withheld to preserve the confidentiality of the students.

⁷ If marked "N/A", placement rates are not required to be calculated by USAHS for the program.

USAHS CANCELLATION AND REFUND POLICY

Tuition Refund Policy for Maryland Residents

For students residing in Maryland, the University complies with the state of Maryland's refund policy. This policy will supersede the University's refund policy, unless the University's policy is more beneficial for the Maryland student. The minimum refund that the University shall pay to a Maryland student who withdraws or is terminated after completing only a portion of a course, program, or term within the applicable billing period is as follows:

Proportion of Total Course, Program, or Term Completed as of Date of Withdrawal or Termination	Tuition Refund
Less than 10%	90% refund
10% up to but not including 20%	80% refund
20% up to but not including 30%	60% refund
30% up to but not including 40%	40% refund
40% up to and including 60%	20% refund
More than 60%	No refund

Tuition Refund Policy for Transitional and Post-Professional Programs

Student's Right to Cancel

Students may withdraw from a degree program at any time. Contact the director of the degree program to request withdrawal from the program. To withdraw from an individual seminar, contact the Continuing Education Office by phone at 904-826-0084, ext. 1400.

Cancellation and Tuition Refund Policy for Post-Professional Programs

University of Saint Augustine for Health Sciences institutional refund policy has been established in accordance with current state and federal regulations and applicable accrediting standards. A refund to the student or fund source may result from the application of the University's institutional refund policy.

Notice of Cancellation for Post-Professional Programs

Students must notify the University in writing of cancellation. All monies paid by an applicant other than books, supplies, materials, and kits that are not returnable from use are refunded if cancellation occurs within 1 week (7 days) after signing the University's Enrollment Agreement and making an initial payment.

Tuition Refund Policy

UNIVERSITY OF ST. AUGUSTINE

FOR HEALTH SCIENCES

The University of Saint Augustine for Health Sciences has an established add/drop period that is the 1st week (7 days) of each trimester. All tuition, excluding the application fee, will be refunded to students who withdraw within the add/drop period.

If a student withdraws from the program or a course after the 7-day add/drop period but prior to completion, the student may be eligible for a tuition refund in accordance with the following policy:

Refund of Tuition After the Start of Trimester Courses: For self-pay students who withdraw (including transfers and leaves of absence) from *all* classes on or before 60% of the term has elapsed, the University will calculate the refund using a percentage formula and return the refund to the student. Refunds for students dropping from coursework (not the program) will be calculated under the same percentage formula. If more than 60% of the term has elapsed, there will be no refund.

Step 1: Determine the percentage of the enrollment period the student attended before withdrawing (days attended divided by total days in the period).

Step 2: Determine the amount of tuition earned by the school by multiplying the total tuition/fees charged by the percentage of time enrolled.

Step 3: Compare the amount of tuition earned by the school to the amount received by the school. If more funds were received by the school than tuition earned by the school, determine the amount of funds that must be returned by subtracting the tuition earned by the school amount from the amount received by the school.

Step 4: Distribute this calculated amount as a refund to the student.

Refunds are made within 30 days of the date the University determines that the student has withdrawn.

For students who receive federal financial aid who withdraw (including transfers and leaves of absence) from *all* classes on or before 60% of the term has elapsed, a portion of their tuition will be returned to the lender. Please see the University's R2T4 policy for further information.

Tuition Refund Policy

The University of Saint Augustine for Health Sciences has an established add/drop period that is the 1st week (7 days) of each trimester. All tuition, excluding the application fee, will be refunded to students who withdraw within the add/drop period.

If a student withdraws from the program or a course after the 7-day add/drop period but prior to completion, the student may be eligible for a tuition refund in accordance with the following policy:

Refund of Tuition After the Start of Trimester Courses: For self-pay students who withdraw (including transfers and leaves of absence) from *all* classes on or before 60% of the term has elapsed, the University will calculate the refund using a percentage formula and return the refund to the student. Refunds for students dropping from coursework (not the program) will be calculated under the same percentage formula. If more than 60% of the term has elapsed, there will be no refund.

Step 1: Determine the percentage of the enrollment period the student attended before withdrawing (days attended divided by total days in the period).

Step 2: Determine the amount of tuition earned by the school by multiplying the total tuition/fees charged by the percentage of time enrolled.

Step 3: Compare the amount of tuition earned by the school to the amount received by the school. If more funds were received by the school than tuition earned by the school, determine the amount of funds that must be returned by subtracting the tuition earned by the school amount from the amount received by the school.

Step 4: Distribute this calculated amount as a refund to the student.

Refunds are made within 30 days of the date the University determines that the student has withdrawn.

For students who receive federal financial aid who withdraw (including transfers and leaves of absence) from *all* classes on or before 60% of the term has elapsed, a portion of their tuition will be returned to the lender. Please see the University's R2T4 policy for further information.

Tuition Refund Policy

The University of Saint Augustine for Health Sciences has an established add/drop period that is the 1st week (7 days) of each trimester. All tuition, excluding the application fee, will be refunded to students who withdraw within the add/drop period.

If a student withdraws from the program or a course after the 7-day add/drop period but prior to completion, the student may be eligible for a tuition refund in accordance with the following policy:

Refund of Tuition After the Start of Trimester Courses: For self-pay students who withdraw (including transfers and leaves of absence) from *all* classes on or before 60% of the term has elapsed, the University will calculate the refund using a percentage formula and return the refund to the student. Refunds for students dropping from coursework (not the program) will be calculated under the same percentage formula. If more than 60% of the term has elapsed, there will be no refund.

Step 1: Determine the percentage of the enrollment period the student attended before withdrawing (days attended divided by total days in the period).

Step 2: Determine the amount of tuition earned by the school by multiplying the total tuition/fees charged by the percentage of time enrolled.

Step 3: Compare the amount of tuition earned by the school to the amount received by the school. If more funds were received by the school than tuition earned by the school, determine the amount of funds that must be returned by subtracting the tuition earned by the school amount from the amount received by the school.

Step 4: Distribute this calculated amount as a refund to the student.

Refunds are made within 30 days of the date the University determines that the student has withdrawn.

For students who receive federal financial aid who withdraw (including transfers and leaves of absence) from *all* classes on or before 60% of the term has elapsed, a portion of their tuition will be returned to the lender. Please see the University's R2T4 policy for further information.

Students may withdraw from a degree program at any time. Contact the director of the degree program to request withdrawal from the program. To withdraw from an individual seminar, contact the Continuing Education Office by phone at 904-826-0084, ext. 1400.

Cancellation and Tuition Refund Policy for Post-Professional Programs

University of Saint Augustine for Health Sciences institutional refund policy has been established in accordance with current state and federal regulations and applicable accrediting standards. A refund to the student or fund source may result from the application of the University's institutional refund policy.

Notice of Cancellation for Post-Professional Programs

Students must notify the University in writing of cancellation. All monies paid by an applicant other than books, supplies, materials, and kits that are not returnable from use are refunded if cancellation occurs within 1 week (7 days) after signing the University's Enrollment Agreement and making an initial payment.

Tuition Refund Policy

The University of Saint Augustine for Health Sciences has an established add/drop period that is the 1st week (7 days) of each trimester. All tuition, excluding the application fee, will be refunded to students who withdraw within the add/drop period.

UNIVERSITY OF ST. AUGUSTINE

FOR HEALTH SCIENCES

If a student withdraws from the program or a course after the 7-day add/drop period but prior to completion, the student may be eligible for a tuition refund in accordance with the following policy:

Refund of Tuition After the Start of Trimester Courses: For self-pay students who withdraw (including transfers and leaves of absence) from *all* classes on or before 60% of the term has elapsed, the University will calculate the refund using a percentage formula and return the refund to the student. Refunds for students dropping from coursework (not the program) will be calculated under the same percentage formula. If more than 60% of the term has elapsed, there will be no refund.

Step 1: Determine the percentage of the enrollment period the student attended before withdrawing (days attended divided by total days in the period).

Step 2: Determine the amount of tuition earned by the school by multiplying the total tuition/fees charged by the percentage of time enrolled.

Step 3: Compare the amount of tuition earned by the school to the amount received by the school. If more funds were received by the school than tuition earned by the school, determine the amount of funds that must be returned by subtracting the tuition earned by the school amount from the amount received by the school.

Step 4: Distribute this calculated amount as a refund to the student.

Refunds are made within 30 days of the date the University determines that the student has withdrawn.

For students who receive federal financial aid who withdraw (including transfers and leaves of absence) from *all* classes on or before 60% of the term has elapsed, a portion of their tuition will be returned to the lender. Please see the University's R2T4 policy for further information.

If a student withdraws from the program or a course after the add/drop period but prior to completion, the student may be eligible for a tuition refund in accordance with the refund policy.

Withdrawing From a Program - Refund of Tuition After the Start of Trimester Courses: For students who withdraw from *all* classes during days 1–7 of the trimester (add/drop period), 100% of tuition/fees will be refunded to the student and/or to the loan provider. For students who withdraw from *all* classes after day 7 but before 60% of the term has elapsed, the University will calculate the refund using a percentage formula and return the refund to the student and/or to the loan provider. If more than 60% of the term has elapsed, there will be no refund.

Withdrawing From a Course: Students withdrawing from one or more course(s), but not the program, will have their refund calculated under the same percentage formula as those withdrawing from a program.

Step 1: Determine the percentage of the enrollment period the student attended before withdrawing (days attended divided by total days in the period). If over 60%, then no refund is due.

Step 2: Determine the amount of tuition earned by the school by multiplying the total tuition/fee charged by the percentage of time enrolled.

Step 3: Compare the amount of tuition earned by the school to the amount received by the school. If more funds were received by the school than tuition earned by the school, determine the amount of funds that must be returned by subtracting the tuition earned by the school amount from the amount received by the school.

Step 4: Distribute this calculated amount as a refund to the student or to the student loan provider.

Refunds are made within 30 days of the date the University determines that the student has withdrawn.

For students who receive federal financial aid who withdraw (including transfers and leaves of absence) from *all* classes on or before 60% of the term has elapsed, a portion of their tuition will be returned to the lender. Please see the University's R2T4 policy for further information.

the occupational therapist administered by the National Board for Certification in Occupational Therapy (NBCOT). After successful completion of this exam, the individual will be an Occupational Therapist, Registered (OTR). In addition, Maryland requires licensure in order to practice; however, state licenses are usually based on the results of the NBCOT Certification Examination. Note that a felony conviction may affect a graduate's ability to sit for the NBCOT certification examination or attain state licensure.

Please note: As USAHS offers graduate-level degrees only, the College Scorecard does not have data for USAHS at this time, including, but not limited to, median earnings information of former students.

University of St. Augustine for Health Sciences' Post Professional Doctor of Occupational Therapy Program Disclosure to Prospective Maryland Students

Prospective students who are residents of Maryland: In order to complete your enrollment at the University of St. Augustine for Health Sciences ("USAHS"), we must provide you the following disclosures, as required by *Maryland Commercial Law Article §13–320*.

COST OF ATTENDANCE FOR THE PROGRAM

The following chart represents the tuition and fees charged for completing USAHS' Post Professional Doctor of Occupational Therapy ("PPOTD") program, including the typical cost for books and supplies. In programs that contain a residency or field experience requirement, the cost of transportation is not included. For a complete list of programs and tuition costs, visit <https://www.usa.edu/> and select your program of interest.

PROGRAM LENGTH, PROGRAM COST, CREDIT HOURS, COMPLETION/WITHDRAWAL RATES, MEDIAN LOAN DEBT, PLACEMENT RATES AND PROFESSIONAL LICENSURE ELIGIBILITY FOR MARYLAND STUDENTS AND GRADUATES

As required by *the State of Maryland*, USAHS is required to provide the following information to prospective students:

Program Name: <i>Post Professional Doctor of Occupational Therapy ("PPOTD") program</i>	Program Cost¹: \$23,729-\$36,505
Normal Time to Completion (in months)²: 40-60 months	Total Credits³: 36-60
% Completion⁴: N/A	% Withdrawal⁵: N/A
Median Loan Debt⁶: N/A	Placement Rate⁷: N/A

¹ Cost based off credits, fees, and books and does not reflect any scholarship or tuition reductions or housing and living expenses.

² Please note that the program is designed to be completed in this amount of time, however, individual experiences will vary based on factors including, but not limited to: individual progress, part-time vs. full-time enrollment, credits transferred, changing specializations, unsuccessful course completion, leaves of absence or other personal circumstances. Length of program is based on the student's highest degree earned before entering the program. Students with a master's degree will typically complete the program in a shorter period of time than those with a bachelor's degree.

³ Total credits required range based on the student's highest degree earned before entering the program. The total credits required for the program for students with a master's degree is less than the students with a bachelor's degree.

⁴ Completion rate is defined as the number of students who completed the program on-time within the normal program length divided by all students that completed the program. The timeframe of graduates captured is from July 1, 2018 to June 30, 2019. "N/A" is marked for the program that has fewer than 10 Maryland students who completed the program in the reported year; this number has been withheld to preserve the confidentiality of the students.

⁵ Based on official withdrawal records of Maryland students that entered the program in CY2018 and have withdrawn within a year after entrance. If marked "N/A", the program did not have Maryland students during the reporting period or had less than 10 Maryland students withdraw and this number has been withheld to preserve the confidentiality of those students.

⁶ Median Loan Debt for the purposes of this disclosure is the loan debt for all Maryland students who completed the program during the most recently completed award year. "N/A" is marked for the program that has fewer than 10 Maryland students who completed the program in the reported year; this number has been withheld to preserve the confidentiality of the students.

⁷ If marked "N/A", placement rates are not required to be calculated by USAHS for the program.

UNIVERSITY OF ST. AUGUSTINE

FOR HEALTH SCIENCES

If a student withdraws from the program or a course after the 7-day add/drop period but prior to completion, the student may be eligible for a tuition refund in accordance with the following policy:

Refund of Tuition After the Start of Trimester Courses: For self-pay students who withdraw (including transfers and leaves of absence) from *all* classes on or before 60% of the term has elapsed, the University will calculate the refund using a percentage formula and return the refund to the student. Refunds for students dropping from coursework (not the program) will be calculated under the same percentage formula. If more than 60% of the term has elapsed, there will be no refund.

Step 1: Determine the percentage of the enrollment period the student attended before withdrawing (days attended divided by total days in the period).

Step 2: Determine the amount of tuition earned by the school by multiplying the total tuition/fees charged by the percentage of time enrolled.

Step 3: Compare the amount of tuition earned by the school to the amount received by the school. If more funds were received by the school than tuition earned by the school, determine the amount of funds that must be returned by subtracting the tuition earned by the school amount from the amount received by the school.

Step 4: Distribute this calculated amount as a refund to the student.

Refunds are made within 30 days of the date the University determines that the student has withdrawn.

For students who receive federal financial aid who withdraw (including transfers and leaves of absence) from *all* classes on or before 60% of the term has elapsed, a portion of their tuition will be returned to the lender. Please see the University's R2T4 policy for further information.
