# PURSUE AN MSPAS AND IMPACT PATIENT LIVES

Future physician assistants: Answer the call for Community healthcare providers and embark on a rewarding career. USAHS' Master of Science in Physician Assistant Studies (MSPAS)\* program combines didactic coursework with clinical rotations. Graduates will be prepared to deliver high-quality, holistic care to diverse populations, in a variety of settings.

## ✓ Why USAHS?

- Holistic admissions process (academic achievement + experience)
- Student-first philosophy and support services
- Mentorship by expert faculty/practitioners
- State-of-the art clinical simulation centers
- Interprofessional collaboration with peers
- Three trimesters of clinical rotations

**To learn more about our entry-level Master of Science in Physician Assistant Studies (MSPAS), scan the QR code on the back of this card.**

\*The University of St. Augustine for Health Sciences (USAHS) has applied for Accreditation-Provisional from the Accreditation Review Commission on Education for the Physician Assistant (ARC-PA). USAHS anticipates matriculating its first PA class in January 2024, pending achieving Accreditation-Provisional status at the September 2023 ARC-PA meeting. Accreditation-Provisional is an accreditation status granted when the plans and resource allocation, if fully implemented as planned, of a proposed program that has not yet enrolled students appear to demonstrate the program's ability to meet the ARC-PA Standards or when a program holding Accreditation-Provisional status appears to demonstrate continued progress in complying with the Standards as it prepares for the graduation of the first class (cohort) of students. Accreditation-Provisional does not ensure any subsequent accreditation status. It is limited to no more than five years from matriculation of the first class.
