¹ Cost based off credits, fees, and books and does not reflect any scholarship or tuition reductions or housing and living expenses.

² Please note that the program is designed to be completed in this amount of time, however, individual experiences will vary based on factors including, but not limited to: individual progress, part-time vs. full-time enrollment, credits transferred, changing specializations, unsuccessful course completion, leaves of absence or other personal circumstances. Length of program is based on the student’s highest degree earned before entering the program.

³ Total credits required range based on the student’s highest degree earned before entering the program.

⁴ Completion rate is defined as the number of students who completed the program on-time within the normal program length divided by all students that completed the program. The timeframe of graduates captured is from July 1, 2021 to June 30, 2022. "N/A" is marked for the program that has fewer than 10 Maryland students who completed the program in the reported year; this number has been withheld to preserve the confidentiality of the students.

⁵ Based on official withdrawal records of Maryland students that entered the program in CY2021 and have withdrawn within a year after entrance. If marked “N/A”, the program did not have Maryland students during the reporting period or had less than 10 Maryland students withdraw and this number has been withheld to preserve the confidentiality of those students.

⁶ Median Loan Debt for the purposes of this disclosure is the loan debt for all Maryland students who completed the program during the most recently completed award year. “N/A” is marked for the program that has fewer than 10 Maryland students who completed the program in the reported year; this number has been withheld to preserve the confidentiality of the students.

⁷ If marked “N/A”, placement rates are not required to be calculated by USAHS for the program. Please note the placement rates include Flex MOT and Residential MOT programs.
Professional Licensure or Certification eligibility for Maryland graduates: Graduates of the program will be eligible to sit for the national certification examination for the occupational therapist administered by the National Board for Certification in Occupational Therapy (NBCOT). After successful completion of this exam, the individual will be an Occupational Therapist, Registered (OTR). In addition, Maryland requires licensure in order to practice; however, state licenses are usually based on the results of the NBCOT Certification Examination. Note that a felony conviction may affect a graduate’s ability to sit for the NBCOT certification examination or attain state licensure.

Please note: The College Scorecard does not have data for USAHS at this time, including, but not limited to, median earnings information of former students.

Tuition Refund Policy for First Professional Programs

Cancellation and Tuition Refund Policy

USAHS’ institutional refund policy has been established in accordance with current state and federal regulations and applicable accrediting standards. A refund to the student or fund source may result from the application of the University’s institutional refund policy.

Notice of Cancellation

Students must notify the University in writing of cancellation. All monies paid by an applicant other than matriculation fees, books, supplies, materials, and kits that are not returnable from use are refunded if cancellation occurs within the first seven days of instruction.

Deposit Refund Policy for First Professional Programs

When notification of withdrawal from the University is submitted, the University retains $100 as a matriculation fee.
Tuition Refund Policy for First Professional Programs

USAHS has an established add/drop period that is the 1st week (7 days) of each trimester. All tuition and fees charged to the student’s account (other than the matriculation fee) are refunded to students or to student loans if the student withdraws from a program or course within the add/drop period.

If a student withdraws from the program or a course after the add/drop period but prior to completion, the student may be eligible for a tuition refund in accordance with the refund policy.

**Withdrawing From a Program - Refund of Tuition After the Start of Trimester Courses:** For students who withdraw from *all* classes during days 1–7 of the trimester (add/drop period), 100% of tuition (minus the matriculation fee) is refunded to the student and/or to the loan provider. For students who withdraw from *all* classes after day 7 but before more than 60% of the term has elapsed, the University calculates the refund using a percentage formula and returns the refund to the student and/or to the loan provider. If more than 60% of the term has elapsed, there is no refund.

**Withdrawing From a Course:** Students withdrawing from one or more course(s), but not the program, have their refund calculated under the same percentage formula as those withdrawing from a program.

**Step 1:** The University determines the percentage of the enrollment period the student attended before withdrawing (days attended divided by total days in the period). If more than 60%, then no refund is due.

**Step 2:** The University determines the amount of tuition earned by the school by multiplying the total tuition/fee charged by the percentage of time enrolled.

**Step 3:** The University compares the amount of tuition earned by the school to the amount received by the school. If more funds were received by the school than tuition earned by the school, the University determines the amount of funds that must be returned by subtracting the amount of tuition earned by the school from the amount received by the school.

**Step 4:** The University distributes this calculated amount as a refund to the student or to the student loan provider.

Refunds are made within 30 days of the date the University determines that the student has withdrawn.

For students who receive federal financial aid who withdraw (including transfers and leaves of absence) from *all* classes before more than 60% of the term has elapsed, a portion of their tuition is returned to the lender. Please see the University’s R2T4 policy for further information.

If more funds were received by the school than tuition earned by the school, the University determines the amount of funds that must be returned by subtracting the amount of tuition earned by the school from the amount received by the school.

**Step 4:** The University distributes this calculated amount as a refund to the student or to the student loan provider.

Refunds are made within 30 days of the date the University determines that the student has withdrawn.

For students who receive federal financial aid who withdraw (including transfers and leaves of absence) from all classes before more than 60% of the term has elapsed, a portion of their tuition is returned to the lender. Please see the University’s R2T4 policy for further information.
University of St. Augustine for Health Sciences’ Post Professional Doctor of Occupational Therapy Program Disclosure to Prospective Maryland Students

Prospective students who are residents of Maryland: In order to complete your enrollment at the University of St. Augustine for Health Sciences (“USAHS”), we must provide you the following disclosures, as required by Maryland Commercial Law Article §13–320.

COST OF ATTENDANCE FOR THE PROGRAM

The following chart represents the tuition and fees charged for completing USAHS’ Post Professional Doctor of Occupational Therapy (“PPOTD”) program, including the typical cost for books and supplies. In programs that contain a residency or field experience requirement, the cost of transportation is not included. For a complete list of programs and tuition costs, visit https://www.usa.edu/ and select your program of interest.

PROGRAM LENGTH, PROGRAM COST, CREDIT HOURS, COMPLETION/WITHDRAWAL RATES, MEDIAN LOAN DEBT, PLACEMENT RATES AND PROFESSIONAL LICENSURE ELIGIBILITY FOR MARYLAND STUDENTS AND GRADUATES

As required by the State of Maryland, USAHS is required to provide the following information to prospective students:

Program Name: Post Professional Doctor of Occupational Therapy (“PPOTD”) program
Program Cost¹: $29,248 - $39,624

Normal Time to Completion (in months)²: 28-48 months
Total Credits³: 29-60

% Completion⁴: N/A
% Withdrawal⁵: N/A

Median Loan Debt⁶: N/A
Placement Rate⁷: N/A

¹ Cost based off credits, fees, and books and does not reflect any scholarship or tuition reductions or housing and living expenses.
² Please note that the program is designed to be completed in this amount of time, however, individual experiences will vary based on factors including, but not limited to: individual progress, part-time vs. full-time enrollment, credits transferred, changing specializations, unsuccessful course completion, leaves of absence or other personal circumstances. Length of program is based on the student’s highest degree earned before entering the program. Students with a master's degree will typically complete the program in a shorter period of time than those with a bachelor’s degree.
³ Total credits required range based on the student’s highest degree earned before entering the program. The total credits required for the program for students with a master’s degree is less than the students with a bachelor’s degree.
⁴ Completion rate is defined as the number of students who completed the program on-time within the normal program length divided by all students that completed the program. The timeframe of graduates captured is from July 1, 2021 to June 30, 2022. “N/A” is marked for the program that has fewer than 10 Maryland students who completed the program in the reported year; this number has been withheld to preserve the confidentiality of the students.
⁵ Based on official withdrawal records of Maryland students that entered the program in CY2021 and have withdrawn within a year after entrance. If marked “N/A”, the program did not have Maryland students during the reporting period or had less than 10 Maryland students withdraw and this number has been withheld to preserve the confidentiality of those students.
⁶ Median Loan Debt for the purposes of this disclosure is the loan debt for all Maryland students who completed the program during the most recently completed award year. “N/A” is marked for the program that has fewer than 10 Maryland students who completed the program in the most recent year; this number has been withheld to preserve the confidentiality of the students.
⁷ If marked “N/A”, placement rates are not required to be calculated by USAHS for the program or the program does not have graduate data as of June 2023.
Professional Licensure or Certification eligibility for Maryland graduates: USAHS’ PPOTD program is not designed or intended to lead to professional licensure in any state.

Please note: The College Scorecard does not have data for USAHS at this time, including, but not limited to, median earnings information of former students.

Tuition Refund Policy for Post-Professional Programs

Student’s Right to Cancel

Students may withdraw from a degree program at any time. Students wishing to withdraw from a program should first consult with their faculty advisor. Students who decide to withdraw from a program must complete the Program Withdrawal Form located on MyUSA and submit it to the Registrar’s Office. To withdraw from an individual seminar, contact the Continuing Education Office by phone at 904-826-0084, ext. 1400.

Cancellation and Tuition Refund Policy

USAHS’ institutional refund policy has been established in accordance with current state and federal regulations and applicable accrediting standards. A refund to the student or fund source may result from the application of the University’s institutional refund policy.

Notice of Cancellation

Students must notify the University in writing of cancellation. All monies paid by an applicant other than books, supplies, materials, and kits that are not returnable from use are refunded if cancellation occurs within the first seven days of instruction.

Tuition Refund Policy

USAHS has an established add/drop period that is the 1st week (7 days) of each trimester. All tuition and fees charged to the student’s account are refunded to students or to student loans if the student withdraws from a program or a course within the add/drop period.

If a student withdraws from the program or a course after the add/drop period but prior to completion, the student may be eligible for a tuition refund in accordance with the following policy:
Refund of Tuition After the Start of Trimester Courses: For students who withdraw from all classes during days 1-7 of the trimester (add/drop period), 100% of tuition is refunded to the student and/or to the loan provider. For students who withdraw from all classes after day seven but before more than 60% of the term has elapsed, the University calculates the refund using a percentage formula and returns the refund to the student and/or to the loan provider. If more than 60% of the term has elapsed, there is no refund.

Students withdrawing from one or more course(s), but not the program, have their refund calculated under the same percentage formula as those withdrawing from a program.

**Step 1:** The University determines the percentage of the enrollment period the student attended before withdrawing (days attended divided by total days in the period). If more than 60%, then no refund is due.

**Step 2:** The University determines the amount of tuition earned by the school by multiplying the total tuition/fees charged by the percentage of time enrolled.

**Step 3:** The University compares the amount of tuition earned by the school to the amount received by the school. If more funds were received by the school than tuition earned by the school, the University determines the amount of funds that must be returned by subtracting the amount of tuition earned by the school from the amount received by the school.

**Step 4:** The University distributes this calculated amount as a refund to the student or the student loan provider.

Refunds are made within 30 days of the date the University determines that the student has withdrawn.

For students who receive federal financial aid who withdraw (including transfers and leaves of absence) from all classes before more than 60% of the term has elapsed, a portion of their tuition is returned to the lender. Please see the University’s R2T4 policy for further information.

**Step 2:** The University determines the amount of tuition earned by the school by multiplying the total tuition/fees charged by the percentage of time enrolled.

**Step 3:** The University compares the amount of tuition earned by the school to the amount received by the school. If more funds were received by the school than tuition earned by the school, the University determines the amount of funds that must be returned by subtracting the amount of tuition earned by the school from the amount received by the school.

**Step 4:** The University distributes this calculated amount as a refund to the student or the student loan provider.

Refunds are made within 30 days of the date the University determines that the student has withdrawn.

For students who receive federal financial aid who withdraw (including transfers and leaves of absence) from *all* classes before more than 60% of the term has elapsed, a portion of their tuition is returned to the lender. Please see the University’s R2T4 policy for further information.
Prospective students who are residents of Maryland: In order to complete your enrollment at the University of St. Augustine for Health Sciences (“USAHS”), we must provide you the following disclosures, as required by Maryland Commercial Law Article §13–320.

**Tuition Refund Policy for Post-Professional Programs**

**Student’s Right to Cancel**

Students may withdraw from a degree program at any time. Students wishing to withdraw from a program should first consult with their faculty advisor. Students who decide to withdraw from a program must complete the Program Withdrawal Form located on MyUSA and submit it to the Registrar’s Office. To withdraw from an individual seminar, contact the Continuing Education Office by phone at 904-826-0084, ext. 1400.

**Cancellation and Tuition Refund Policy**

USAHS’ institutional refund policy has been established in accordance with current state and federal regulations and applicable accrediting standards. A refund to the student or fund source may result from the application of the University’s institutional refund policy.

**Notice of Cancellation**

Students must notify the University in writing of cancellation. All monies paid by an applicant other than books, supplies, materials, and kits that are not returnable from use are refunded if cancellation occurs within the first seven days of instruction.

**Tuition Refund Policy**

USAHS has an established add/drop period that is the 1st week (7 days) of each trimester. All tuition and fees charged to the student’s account are refunded to students or to student loans if the student withdraws from a program or a course within the add/drop period.

If a student withdraws from the program or a course after the add/drop period but prior to completion, the student may be eligible for a tuition refund in accordance with the following policy:
Refund of Tuition After the Start of Trimester Courses: For students who withdraw from all classes during days 1-7 of the trimester (add/drop period), 100% of tuition is refunded to the student and/or to the loan provider. For students who withdraw from all classes after day seven but before more than 60% of the term has elapsed, the University calculates the refund using a percentage formula and returns the refund to the student and/or to the loan provider. If more than 60% of the term has elapsed, there is no refund.

Students withdrawing from one or more course(s), but not the program, have their refund calculated under the same percentage formula as those withdrawing from a program.

**Step 1:** The University determines the percentage of the enrollment period the student attended before withdrawing (days attended divided by total days in the period). If more than 60%, then no refund is due.

**Step 2:** The University determines the amount of tuition earned by the school by multiplying the total tuition/fees charged by the percentage of time enrolled.

**Step 3:** The University compares the amount of tuition earned by the school to the amount received by the school. If more funds were received by the school than tuition earned by the school, the University determines the amount of funds that must be returned by subtracting the amount of tuition earned by the school from the amount received by the school.

University of St. Augustine for Health Sciences’ Doctor of Nursing Practice with a specialization in Nurse Executive, BSN entry Program Disclosure to Prospective Maryland Students

Prospective students who are residents of Maryland: In order to complete your enrollment at the University of St. Augustine for Health Sciences (“USAHS”), we must provide you the following disclosures, as required by Maryland Commercial Law Article §13–320.

**COST OF ATTENDANCE FOR THE PROGRAM**

The following chart represents the tuition and fees charged for completing USAHS’ Doctor of Nursing Practice with a specialization in Nurse Executive, BSN entry (“DNP Nurse Exec BSN entry”) program, including the typical cost for books and supplies. In programs that contain a residency or field experience requirement, the cost of transportation is not included. For a complete list of programs and tuition costs, visit [https://www.usa.edu/](https://www.usa.edu/) and select your program of interest.

**PROGRAM LENGTH, PROGRAM COST, CREDIT HOURS, COMPLETION/WITHDRAWAL RATES, MEDIAN LOAN DEBT, PLACEMENT RATES AND PROFESSIONAL LICENSURE ELIGIBILITY FOR MARYLAND STUDENTS AND GRADUATES**

As required by the State of Maryland, USAHS is required to provide the following information to prospective students:

<table>
<thead>
<tr>
<th>Program Name: Doctor of Nursing Practice with a specialization in Nurse Executive, BSN entry (“DNP Nurse Exec BSN entry”)</th>
<th>Program Cost¹: $69,163</th>

¹ Cost based off credits, fees, and books and does not reflect any scholarship or tuition reductions or housing and living expenses.

² Please note that the program is designed to be completed in this amount of time, however, individual experiences will vary based on factors including, but not limited to: individual progress, part-time vs. full-time enrollment, credits transferred, changing specializations, unsuccessful course completion, leaves of absence or other personal circumstances. Length of program is based on the student’s highest degree earned before entering the program. Students with a master’s degree will typically complete the program in a shorter period of time than those with a bachelor’s degree.

³ Total credits required range based on the student’s highest degree earned before entering the program. The total credits required for the program for students with a master’s degree is less than the students with a bachelor’s degree.

⁴ Completion rate is defined as the number of students who completed the program on-time within the normal program length divided by all students that completed the program. The timeframe of graduates captured is from July 1, 2021 to June 30, 2022. “N/A” is marked for the program that has fewer than 10 Maryland students who completed the program in the reported year; this number has been withheld to preserve the confidentiality of the students.

⁵ Based on official withdrawal records of Maryland students that entered the program in CY2021 and have withdrawn within a year after entrance. If marked “N/A”, the program did not have Maryland students during the reporting period or had less than 10 Maryland students withdraw and this number has been withheld to preserve the confidentiality of those students.

⁶ Median Loan Debt for the purposes of this disclosure is the loan debt for all Maryland students who completed the program during the most recently completed award year. “N/A” is marked for the program that has fewer than 10 Maryland students who completed the program in the reported year; this number has been withheld to preserve the confidentiality of the students.

⁷ If marked “N/A”, placement rates are not required to be calculated by USAHS for the program or the program does not have graduate data as of June 2023.
Professional Licensure or Certification eligibility for Maryland graduates: USAHS’ DNP with a specialization in Nurse Executive, BSN entry program is not designed or intended to lead to initial or advanced licensure in any state.

Please note: The College Scorecard does not have data for USAHS at this time, including, but not limited to, median earnings information of former students.

Tuition Refund Policy for Post-Professional Programs

Student’s Right to Cancel
Students may withdraw from a degree program at any time. Students wishing to withdraw from a program should first consult with their faculty advisor. Students who decide to withdraw from a program must complete the Program Withdrawal Form located on MyUSA and submit it to the Registrar’s Office. To withdraw from an individual seminar, contact the Continuing Education Office by phone at 904-826-0084, ext. 1400.

Cancellation and Tuition Refund Policy
USAHS’ institutional refund policy has been established in accordance with current state and federal regulations and applicable accrediting standards. A refund to the student or fund source may result from the application of the University’s institutional refund policy.

Notice of Cancellation
Students must notify the University in writing of cancellation. All monies paid by an applicant other than books, supplies, materials, and kits that are not returnable from use are refunded if cancellation occurs within the first seven days of instruction.

Tuition Refund Policy
USAHS has an established add/drop period that is the 1st week (7 days) of each trimester. All tuition and fees charged to the student’s account are refunded to students or to student loans if the student withdraws from a program or a course within the add/drop period.
If a student withdraws from the program or a course after the add/drop period but prior to completion, the student may be eligible for a tuition refund in accordance with the following policy:

**Refund of Tuition After the Start of Trimester Courses:** For students who withdraw from all classes during days 1-7 of the trimester (add/drop period), 100% of tuition is refunded to the student and/or to the loan provider. For students who withdraw from all classes after day seven but before more than 60% of the term has elapsed, the University calculates the refund using a percentage formula and returns the refund to the student and/or to the loan provider. If more than 60% of the term has elapsed, there is no refund.

Students withdrawing from one or more course(s), but not the program, have their refund calculated under the same percentage formula as those withdrawing from a program.

**Step 1:** The University determines the percentage of the enrollment period the student attended before withdrawing (days attended divided by total days in the period). If more than 60%, then no refund is due.

**Step 2:** The University determines the amount of tuition earned by the school by multiplying the total tuition/fees charged by the percentage of time enrolled.

**Step 3:** The University compares the amount of tuition earned by the school to the amount received by the school. If more funds were received by the school than tuition earned by the school, the University determines the amount of funds that must be returned by subtracting the amount of tuition earned by the school from the amount received by the school.

**Step 4:** The University distributes this calculated amount as a refund to the student or the student loan provider.

Refunds are made within 30 days of the date the University determines that the student has withdrawn.

For students who receive federal financial aid who withdraw (including transfers and leaves of absence) from all classes before more than 60% of the term has elapsed, a portion of their tuition is returned to the lender. Please see the University’s R2T4 policy for further information.

Step 1: The University determines the percentage of the enrollment period the student attended before withdrawing (days attended divided by total days in the period). If more than 60%, then no refund is due.

Step 2: The University determines the amount of tuition earned by the school by multiplying the total tuition/fees charged by the percentage of time enrolled.

Step 3: The University compares the amount of tuition earned by the school to the amount received by the school. If more funds were received by the school than tuition earned by the school, the University determines the amount of funds that must be returned by subtracting the amount of tuition earned by the school from the amount received by the school.

Step 4: The University distributes this calculated amount as a refund to the student or the student loan provider.

Refunds are made within 30 days of the date the University determines that the student has withdrawn.

For students who receive federal financial aid who withdraw (including transfers and leaves of absence) from all classes before more than 60% of the term has elapsed, a portion of their tuition is returned to the lender. Please see the University’s R2T4 policy for further information.
University of St. Augustine for Health Sciences’ Master of Science in Speech-Language Pathology Program Disclosure to Prospective Maryland Students

Prospective students who are residents of Maryland: In order to complete your enrollment at the University of St. Augustine for Health Sciences ("USAHS"), we must provide you the following disclosures, as required by Maryland Commercial Law Article §13-320.

**COST OF ATTENDANCE FOR THE PROGRAM**

The following chart represents the tuition and fees charged for completing USAHS’ Master of Science in Speech-Language Pathology ("MS-SLP") program, including the typical cost for books and supplies. In programs that contain a residency or field experience requirement, the cost of transportation is not included. For a complete list of programs and tuition costs, visit [https://www.usa.edu/](https://www.usa.edu/) and select your program of interest.

**PROGRAM LENGTH, PROGRAM COST, CREDIT HOURS, COMPLETION/WITHDRAWAL RATES, MEDIAN LOAN DEBT, PLACEMENT RATES AND PROFESSIONAL LICENSURE ELIGIBILITY FOR MARYLAND STUDENTS AND GRADUATES**

As required by the State of Maryland, USAHS is required to provide the following information to prospective students:

<table>
<thead>
<tr>
<th>Program Name: Master of Science in Speech-Language Pathology (&quot;MS-SLP&quot;)</th>
<th>Program Cost¹: $76,285</th>
</tr>
</thead>
<tbody>
<tr>
<td>Normal Time to Completion (in months)²: 20</td>
<td>Total Credits³: 93</td>
</tr>
<tr>
<td>% Completion⁴: N/A</td>
<td>% Withdrawal⁵: N/A</td>
</tr>
<tr>
<td>Median Loan Debt⁶: N/A</td>
<td>Placement Rate⁷: Austin, TX – N/A; Dallas, TX – N/A.</td>
</tr>
</tbody>
</table>

¹ Cost based off credits, fees, and books and does not reflect any scholarship or tuition reductions or housing and living expenses.

² Please note that the program is designed to be completed in this amount of time, however, individual experiences will vary based on factors including, but not limited to: individual progress, part-time vs. full-time enrollment, credits transferred, changing specializations, unsuccessful course completion, leaves of absence or other personal circumstances. Length of program is based on the student’s highest degree earned before entering the program.

³ Total credits required range based on the student’s highest degree earned before entering the program.

⁴ Completion rate is defined as the number of students who completed the program on-time within the normal program length divided by all students that completed the program. The timeframe of graduates captured is from July 1, 2021 to June 30, 2022. “N/A” is marked for the program that has fewer than 10 Maryland students who completed the program in the reported year; this number has been withheld to preserve the confidentiality of the students.

⁵ Based on official withdrawal records of Maryland students that entered the program in CY2021 and have withdrawn within a year after entrance. If marked “N/A”, the program did not have Maryland students during the reporting period or had less than 10 Maryland students withdraw and this number has been withheld to preserve the confidentiality of those students.

⁶ Median Loan Debt for the purposes of this disclosure is the loan debt for all Maryland students who completed the program during the most recently completed award year. "N/A" is marked for the program that has fewer than 10 Maryland students who completed the program in the reported year; this number has been withheld to preserve the confidentiality of the students.

⁷ If marked “N/A”, placement rates are not required to be calculated by USAHS for the program or the program does not have graduate data as of August 2023.
Professional Licensure or Certification eligibility for Maryland graduates: Maryland requires that MS-SLP program graduates graduate from an accredited educational institution, complete supervised experiences, pass the national examination in speech-language pathology, and pass a jurisdictional examination in order to apply for licensure to practice in the state. Graduates of the program will be eligible to sit for the Praxis Examination in Speech-Language Pathology administered by the Educational Testing Service (“ETS”). The Master of Science (M.S.) education program in Speech-Language Pathology [residential Austin, TX; satellite Dallas, TX; both distance education] at the University of St. Augustine for Health Sciences is accredited by the Council on Academic Accreditation in Audiology and Speech-Language Pathology (CAA) of the American Speech-Language-Hearing Association, 2200 Research Boulevard, #310, Rockville, MD 20850, 800-498-2071 or 301-296-5700. Note that a felony conviction may affect a graduate’s ability to sit for the Praxis examination or attain state licensure.

Please note: The College Scorecard does not have data for USAHS at this time, including, but not limited to, median earnings information of former students.

Tuition Refund Policy for First Professional Programs

Cancellation and Tuition Refund Policy

USAHS’ institutional refund policy has been established in accordance with current state and federal regulations and applicable accrediting standards. A refund to the student or fund source may result from the application of the University’s institutional refund policy.

Notice of Cancellation

Students must notify the University in writing of cancellation. All monies paid by an applicant other than matriculation fees, books, supplies, materials, and kits that are not returnable from use are refunded if cancellation occurs within the first seven days of instruction.
Deposit Refund Policy for First Professional Programs

When notification of withdrawal from the University is submitted, the University retains $100 as a matriculation fee.

Tuition Refund Policy for First Professional Programs

USAHS has an established add/drop period that is the 1st week (7 days) of each trimester. All tuition and fees charged to the student’s account (other than the matriculation fee) are refunded to students or to student loans if the student withdraws from a program or course within the add/drop period.

If a student withdraws from the program or a course after the add/drop period but prior to completion, the student may be eligible for a tuition refund in accordance with the refund policy.

Withdrawing From a Program - Refund of Tuition After the Start of Trimester Courses: For students who withdraw from all classes during days 1–7 of the trimester (add/drop period), 100% of tuition (minus the matriculation fee) is refunded to the student and/or to the loan provider. For students who withdraw from all classes after day 7 but before more than 60% of the term has elapsed, the University calculates the refund using a percentage formula and returns the refund to the student and/or to the loan provider. If more than 60% of the term has elapsed, there is no refund.

Withdrawing From a Course: Students withdrawing from one or more course(s), but not the program, have their refund calculated under the same percentage formula as those withdrawing from a program.

Step 1: The University determines the percentage of the enrollment period the student attended before withdrawing (days attended divided by total days in the period). If more than 60%, then no refund is due.

Step 2: The University determines the amount of tuition earned by the school by multiplying the total tuition/fee charged by the percentage of time enrolled.

Step 3: The University compares the amount of tuition earned by the school to the amount received by the school. If more funds were received by the school than tuition earned by the school, the University determines the amount of funds that must be returned by subtracting the amount of tuition earned by the school from the amount received by the school.

Step 4: The University distributes this calculated amount as a refund to the student or to the student loan provider.

Refunds are made within 30 days of the date the University determines that the student has withdrawn.

For students who receive federal financial aid who withdraw (including transfers and leaves of absence) from all classes before more than 60% of the term has elapsed, a portion of their tuition is returned to the lender. Please see the University’s R2T4 policy for further information.
