

Program Data – 2026

Program Name: *Doctor of Physical Therapy – Flex – St. Augustine, FL*

The 9-term Flex DPT program is designed to be completed in 36 months.¹

The 9-term Flex DPT program will cost \$107,764 if completed within normal time.² There may be additional costs for living expenses. These costs were accurate at the time of posting but may have changed.

Of the students who completed the previously offered 12-term Flex DPT program within normal time, the typical graduate left with \$134,899 of debt.³ Please note the newer 9-term Flex DPT program has three fewer terms of personal living expenses.

Corporation

¹ Please note that the 9-term Flex DPT program, first offered in Fall 2024, is designed to be completed in this amount of time, however, individual experiences will vary based on factors including, but not limited to: individual progress, part-time vs. full-time enrollment, credits transferred, unsuccessful course completion, leaves of absence or other personal circumstances.

² The program cost represents tuition, fees, and books only, and does not reflect any scholarship or tuition reductions. It does not include housing or living expenses and does not reflect potential tuition and fee increases over the course of the program. Residents of California are also assessed a one-time state-mandated Student Tuition Recovery Fund charge at time of enrollment.

³ The 2026 loan debt reflects debt incurred by students who received Title IV aid and completed the previously offered 12-term DPT program within normal time during the 2024-2025 financial aid year. Median loan debt includes money borrowed for non-tuition costs including personal living expenses. For new programs or programs with less than 10 students, the median loan debt is suppressed.
